

PERMANENT PERFORMANCE PROTECTION

REACTIVE POLYMER PAINT TREATMENT

WARRANTY

If at the time of purchasing this product your vehicle is new, a lifetime warranty will apply. If at the time of purchasing this product your vehicle is younger than 5 years of age, a lifetime warranty will apply. If you have purchased a pre owned vehicle over 5 years of age, then a 10 year pro rata warranty will be given. The Warranty term on pre owned vehicle's will be defined by subtracting the manufacture age of a vehicle at time of purchase from the maximum 10 year term. E.g vehicle manufacture date is 6 years, then the warranty will be the balance of the 10 years, being 4 years.

The warranty terms and conditions and exclusions for each individual product are set out below:

Subject to the terms, conditions and exclusions detailed in this warranty, The Reactive Polymer coating protects the vehicle's paint work from oxidation and fading, the damaging effects of acid rain, road salt and pollution, as well as the negative impact on the lacquer coating caused by bird life deposits, Insect remains and tree resin. It also guarantees a greater water repellent effect compared to standard waxes and polishes.

THE WARRANTY DOES NOT COVER:

1. Damage to the vehicle's paintwork caused by stone damage from the road surface.
2. Damage caused by external factors, such as hail storms, "acts of God".
3. Damage caused by vandalism, vehicle accident or impact, or alteration.
4. Damage or deterioration caused by scratching and hazing generated by handheld brushes or automatic car wash brushes.
5. Failure to follow the Care Instructions.

The Permanent, Performance & Protection Warranty commences from the Date of Product Application shown in these Warranty Terms & Conditions. Any claim under this warranty must be lodged with Permagard or the authorised dealer within 30 days from the fault appearing. Where In reasonable opinion the coating has not prevented damage to the vehicle in accordance with this Permanent, Performance & Protection Terms & Conditions, Permagard warrants that it will, free of charge, clean or repair (at its option) the damaged section of the vehicle and will reapply the coating to the damaged section, provided that the Warranty Terms & condition have been observed. The Permanent, Performance & Protection Warranty is transferable pending the following: The transfer must be carried out within 30 days of ownership and is subject to a vehicle inspection carried out by Permagard. A nominal administration fee of \$55 will be payable if the vehicle is presented to a Permagard centre or \$88 if mobile inspection is required.

The Protection Brands Pty Ltd ("Permagard Automotive') Permanent, Protection Performance Warranty Terms & Conditions are contained in this document. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. This Permanent, Performance & Protection Warranty applies in addition to any statutory rights or remedies that you may have, including under the Australian Consumer Law. This Permanent, Performance & Protection Warranty does not exclude, restrict, limit or modify those rights or remedies, except to the extent that their application may be lawfully excluded. To make a claim, request a claim form at or 1800PERMAGARD. Warranty escalations can be done so by contacting your local Honda dealer.

CARE INSTRUCTIONS

“Looking after your vehicle and your investment”

EXTERIOR PAINT PROTECTOR

Wash your vehicle regularly (recommended schedule is 2-3 weeks) using a pH neutral car shampoo. It is recommended that you use either the Honda Genuine Car Shampoo provided to you at time of purchase.

Wash your vehicle in a cool, shady place; in warmer climates, allow the metal of your vehicle to cool prior to washing as a hot surface causes the washing agents to evaporate quickly, leading to water spotting.

Hose your vehicle before washing to dislodge any loose dirt. Follow the instructions on the car shampoo bottle. Use a good quality clean sponge. Wash one panel at a time, then hose the surface thoroughly with clean water. As dirt and contaminants can become trapped in the sponge (which can lead to scratches and swirl marks on the paint surface), rinse the sponge with clean water regularly. To avoid water spotting dry the surface with a good quality chamois.

DO NOT use any waxes or polish on your vehicle as these generally contain abrasive compounds or degrease and solvents.

DO NOT use bore water to wash your vehicle. Bore water often has a very high mineral & salt content which will damage the paint protection.

Animal or vegetable matter (e.g bird droppings and tree sap) should be removed as soon as possible

in order to neutralise the corrosive effects of these contaminants. Apply (undiluted) shampoo directly to the affected area, allow the contaminant to soften over night then rinse with clean warm water. Do not use anything abrasive (e.g. scourers or brushes) to remove such contaminants.

If the panels of your vehicle are re-sprayed, repaired or replaced, the Permagard treatments must be re-applied to those panels. Please call 1800PERMAGARD to discuss any reapplication queries or to arrange reapplication.
